

**Hey! My name is Dani Clamp and I can't wait to join you all at HBRA this summer!**

**I am 21 years old and I grew up in Derbyshire, England with my Mum, Dad, younger Brother (but he's bigger than me) and pet dog. I am currently studying Forensic Psychology at the University of Portsmouth.**

**I love spending time with my amazing family! Since I am always at University I don't get to see them much, but when I do we like to go on holidays, to the movies, bowling and go out for dinner.**

**I enjoy most sports and I am very fit and active. You will probably get me playing all sorts of fun and exciting games this summer! I have played netball for 11 years (although I know you don't play in America- it's a little bit like basketball).**

**I am very well-travelled and have been to many places including Uganda, Spain, Portugal, France, Italy and America; I have never been to Michigan though so this year will be a first!**

Last year, I worked in Italy for 3 months looking after 2 little boys there. We went to the beach lots, swam in the sea, made sandcastles, rode our bicycles and played games all the time. They particularly liked tag – as you can imagine I got very good at it playing every day for 3 months so good luck catching me!

I hope you're all as excited as I am for this summer. I'm really looking forward to meeting you all! Here are some more pictures of me and my friends/family until then..

See you soon
